

Pre-Qualification Form
Maryland Solar Energy Grant Program

Please answer all of the following questions, sign and submit this form and the required supporting documentation with the appropriate **Solar Grant Application Form**. Applications will be accepted by MEA beginning January 3, 2005 and ending March 15, 2005.

Applicant Name: _____

Previous funding:

Has the applicant received grants or rebates from MEA in the past five years to assist with the installation of a solar energy system? If so, please indicate the amount and date of award and a brief description of the project.

Local Covenants:

Understanding of local covenants such as those required by a homeowners association or historic district is important.

Is there an approval process necessary to install a solar energy system on your property?

If so, has the project been approved by the appropriate entity?

Please provide a copy of the approval documents.

Local Codes:

Has the local codes authority been notified of your project?

Do you plan on pulling permits and having the completed project inspected by the local codes authority?

Net Metering (for Utility Interconnected Photovoltaic Projects Only):

Qualifying utility interconnected projects must meet all the requirements of Maryland's Net Metering Law.

Will the proposed system be utility interconnected (also called grid-tied)?

Do you plan to notify the local electric utility about your project at least 30 days prior to installation?

Grant Program Requirements and Procedures:

Have you reviewed and become familiar with the relevant grant program requirements and procedures as presented in the Solar Energy Grant Program Application Package dated December 2004?

Will you be moving in the near future?

If so, will the solar energy system remain in service in the State of Maryland?

Applicant's Signature

I intend to install a solar energy system on my building. I affirm under penalties of perjury that I own the building for which I am applying, and the contents of the foregoing pre-qualification form are true to the best of my knowledge, information, and belief.

Signed _____ Date: _____

Submit this form and the required supporting documentation with your application as soon as possible **beginning January 3, 2005 and no later than March 15, 2005** to:

-Attention- Solar Energy Grant Program, Maryland Energy Administration,
1623 Forest Drive, Suite 300, Annapolis, Maryland 21403.
